MARCH OF THE LIVING

APRIL 21 - 30, 2025

Poland-Only Trip

Join Jewish teens from all over the world to study the history of the Holocaust and to examine the roots of prejudice, intolerance and hatred. This year, we will observe Yom HaShoah (Holocaust Remembrance Day) in Poland, marching from Auschwitz to Birkenau, the largest concentration camp complex built during World War II. This impactful program will help strengthen Jewish identity, discuss connections to Israel, and build a community of future Jewish leaders. As high school seniors enter adulthood and prepare for life on college campuses in a post-October 7 world, it is more important than ever to be equipped with these important lessons.

STUDENT TESTIMONIALS:

“March of the Living is an experience that is hard to explain. You will go through the highest of highs, and the lowest of lows. But, you aren’t doing it alone. You have amazing chaperones and a group of teens you may or may not have known well before the trip. This trip will bond your delegation in ways you can’t even imagine prior to the trip. You go through everything together which ultimately makes your connections stronger.

Physically being on the grounds of where our ancestors perished was hard, but extremely important. We are the ones continuing on their legacy. Therefore, learning first-hand what they went through is the best way to keep their memory alive. You literally and figuratively go from darkness (Poland) to light (Israel). Whether you have been to Israel many times, once, or never, arriving there from Poland gives you a whole new sense of gratitude to be in the Jewish homeland.

This trip was truly life changing and I could not recommend it enough to any Jewish teen.”

—*Hannah Peri, MOTL 2023 Delegate*

“I know it’s not very original if I say this, but March of the Living was truly a once-in-a-lifetime, unforgettable experience. The memories you make marching from Auschwitz to Birkenau in Poland to then celebrating our land’s independence and having shabbat services at the Western Wall is something I wouldn’t ever trade for the world. There is no greater feeling than being surrounded by thousands of other Jewish teens from all across the planet in the holy land of Israel. If you choose to embark on this experience, make sure to take in every second of it.”

—*Hannah Pollock, MOTL 2023 Delegate*

“March of the Living was such a valuable, unforgettable, eye-opening experience; I am so glad I had the opportunity to go on the trip. Being able to experience such highs and lows of Jewish history with teens I had mostly only just met, but quickly got so close with, was amazing. I highly recommend all Jewish teens to experience the trip because it is a life-changing experience you truly cannot understand and appreciate until you have done it.”

—*Ben Vigran, MOTL 2023 Delegate*

“Going on March of the Living was one of the best decisions I have ever made. To me, the trip ended up being incredibly inspiring and motivating. I found myself wanting to explain everything in detail to anyone who would listen when I got back. I wanted people to understand what I had seen and been through and help them to understand why learning about events like the Holocaust and Israel’s fight for independence is so important.

Going on this trip taught so much more in-depth information about the Holocaust and I got to learn about people’s personal stories, which made it so much more impactful. And then, after getting to go to Poland and learn all about the painful past, we got to go to Israel and learn all about our bright future. Going to Israel and seeing all that culture and being so surrounded by my religion in a way I’ve never experienced before made me feel so much more Jewish in that moment and more connected to my faith. Getting to experience that made me realize in a sense what being Jewish means to me and inspired me to make the changes in my daily and religious life that I wanted to see in myself when I got home.”

—*Jami Richards, MOTL 2023 Delegate*

STUDENT TESTIMONIAL & POEM:

“March of the Living was the most life-changing time of my life. It helped me discover a different part of my Judaism. It also helped me step out of my comfort zone, leaving everything at home behind me and being in the moment. My biggest take away from my trip was that we aren’t just victims, but survivors. We are strong group of people who stick together as family even in times of need.

During this trip, I let out emotions and feeling that no other human could describe. But I somehow put it into words in a poem:

We are the light in the darkest of days
We are the beautiful flowers blooming in the once boring fields
We are the waves crashing onto the silent sand
We are the voices of yesterday. We are the voices that tell about the Shoah.
We remember the victims’ names. And we don’t let their memories disappear.
Each step we take is in memory of the ones who passed.
6 million Jews. They weren’t JUST people. They were mothers, fathers, brothers, and sisters.
They were once a family. Now they are just a memory.
But they aren’t just a number or a statistic. They were human beings that deserved life and love.
And to never be forgotten.

—Alexys Rudd, 2023 MOTL Delegate

PARENT TESTIMONIALS:

“One word to describe what the MOTL meant to my son is connection. Connection with a difficult past, connection with other kids from around the world, connection with the importance of Israel and a deep connection with his Jewish identity. I could not have thought of a more meaningful experience right before he leaves for college.”

—Evelyn Fleider, MOTL 2023 Parent

“As parents, we were ready to encourage Ben to attend MOTL, but we were delighted to learn his older siblings had already instilled in him that he ‘needed’ to go. Our son reconnected with some old friends and made new ones from across the country. He was able to see firsthand what he learned throughout his day school and Sunday school teachings. The journey was full of many emotions and was definitely eye opening to walk in his ancestors footsteps at concentration camps and hear stories from survivors. The MOTL experience comes at such an important time in a young adult’s life – right before they leave for college and start defining what being Jewish means to them. I feel confident Ben has taken the journey to heart and it will help remind him the value of being Jewish and the respect he has for his religion and all that it means to him!”

—Tara & Ross Vigran, MOTL 2023 Parents

Sample Itinerary

While in Poland, we will tour a variety of communities and places that were major parts of Jewish life before the Holocaust. In Tykocin, Lublin, and Krakow we will see synagogues and other landmarks that were fully populated before the war and learn about the thriving Jewish life that existed there. We will visit places that were major early parts of the genocide, such as the Umschlagplatz, which was used as a gathering area to deport the Jews of Warsaw, and the Podgorze Ghetto in Krakow. We will visit some of the major concentration camps: Treblinka, Majdanek, Auschwitz, and Birkenau, and learn about the atrocities that happened there. On Holocaust Remembrance Day, we will march in solidarity from Auschwitz to Birkenau with over 10,000 other Jewish people. Throughout the entire experience, participants will have the chance to speak with survivors and Holocaust educators, allowing them to explore their curiosities and emotions.

MARCH OF THE LIVING: CINCINNATI DELEGATION 2025 PRE-TRIP PROGRAMS

Prior to traveling to Poland, a significant amount of time is dedicated to learning about the Holocaust (Shoah) and Israel. This preparatory program, sponsored by the Mayerson JCC, Jewish Federation of Cincinnati, and the Nancy & David Wolf Holocaust and Humanity Center, is meant to strengthen the participants' experiences by providing them with basic concepts and knowledge. During these pre-trip programs, Cincinnati students have the opportunity to connect with one another on a regular basis. Given that students come from a wide variety of secular schools, congregations, and religious backgrounds, and come to the program with diverse backgrounds about the Shoah and Israel, these sessions become an essential component of the March of the Living.

While we recognize that many students have very busy lives, **attendance at all the pre-trip programs is mandatory.** Each session will begin and end as scheduled.

FAQs cont.

Q: How much spending money will I need?

A: We suggest bringing \$250 in spending money. The group flight, sleeping accommodations, all meals, in-country transportation, basic health insurance, and all program activities are covered by the core program fees. The only additional money you will need is for items such as snacks, bottled water, souvenirs, gifts, etc.

Q: What kind of luggage do I need to bring?

A: Each participant will be responsible for his or her own luggage at all times, which includes loading it on and off of buses and into hotel rooms. As such, we recommend bringing one “manageable” piece of luggage (duffel bags and rolling suitcases work best) and one full-size carryon bag.

Be sure to pack at least one change of clothing, toiletries, and all prescription medicine in your carry-on bag in the unlikely event that your checked luggage gets delayed. It is also a smart idea to attach some kind of easy identifier, such as a colored ribbon, to your checked luggage as well as a name label.

Q: What do I need to pack?

A: In Poland, the temperature in April can range from the 40’s to the 70’s, and it rains frequently. With this in mind, here are some practical packing tips to consider:

- Participants should have a hat, a shirt with sleeves/windbreaker/sweater, sunscreen, and water in their backpacks at all times.
- Bring comfortable walking shoes. No flip flops.
- Please pack modest clothing to be worn when visiting religious sites and concentration camps.
- Because we strive to create a special atmosphere on Shabbat, please bring dressy-casual clothing to be worn at this time.
